

Closed Captions

The Discover Video DEVOS system provides several options for Closed Captions.

| Method | Description | Cost ¹ |
|-----------------------------|--|--|
| Upload WebVTT | Upload an existing .vtt file to include captions to a video. A .vtt file is commonly available with video content, or can be created using 3 rd party tools. | \$0 |
| DEVOS Editor / Stenographer | Play a video and type captions on your keyboard. The built-in DEVOS video editor makes it easy to add or edit captions. | \$0 |
| Discover Video Service | Select "CC-Discover" Captions for any video. The video will be submitted to our Artificial Intelligence (AI) Cloud Service and captions will be added to your video in about an hour. The accuracy of the transcription depends on the source audio quality and the words spoken, but it is typically 75% to 100% accurate. Captions can be manually edited at any time. | \$0.25 per minute of the video run time. More. |
| Cielo24 | Select "CC-Cielo24" for any video. The video will be submitted to our partner for processing. If "Premium" is selected, the captions are reviewed by humans for accuracy and is about 95% to 100% accurate. If "Professional" is selected, video is reviewed by multiple humans and the accuracy is near perfect. | Approx. \$1.85 to \$4 per minute of the video run time depending on package. Mechanical processing is also available at lower cost. More. |

¹ Prices subject to change. Discover Video Service is sold by Discover Video. Cielo24 is sold by Cielo24 and requires a Cielo24 account.
