

DEVOS STREAMING PLATFORM FOR K-12

DEVOS is an all-in-one streaming system for live streaming, on-demand libraries, digital signage, and Priority Alert emergency communications. Used by hundreds of K-12 schools, DEVOS enhances teaching and professional development. Schools easily share major events, school news, and classroom activities to family and the wider community. Servers can be on-premise, cloud based, or a hybrid of both. It is very cost effective and can be deployed for one school, several schools, or an entire school district.

Within Your Schools

- Live video morning announcements
- Cable TV distribution to classrooms
- Digital video libraries (VOD)
- Teacher created video lessons
- Professional development
- Educational Video Library

Outside Your Schools

- BOE Meeting Recording/Streaming
- Graduation webcasts
- Sports/School Plays webcasts
- Flipping the classroom
- Blended learning initiatives
- Security camera feeds to police
- Engaging homebound students

Benefits to Public and Private K-12 Schools

- Enhance the learning process through live and on-demand streaming video
- Distribute school news dynamically to classroom computers, TVs and wireless devices
- Deliver sports and bus schedules, RSS feeds, and weather to hallway TV monitors
- Allow teachers to create their own digital video lessons for viewing in school or at home
- Share special events like school plays and graduations with remote family and friends
- Unlimited digital signage
- Video emergency notifications

How DEVOS Works

The DEVOS streaming system distributes live and on-demand multimedia video to viewers on computers, mobile devices, or TVs. Discover Video software encoders provide the ability to stream or record events, classroom lessons, and presentations for local or external broadcast.

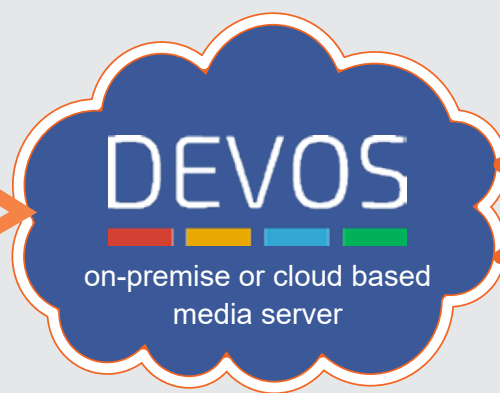

The DEVOS on-premise or cloud based system manages, organizes, and delivers live or on-demand content securely to students or outside viewers. Any content can be password protected or require logon through Active Directory for security.

Why DEVOS

- View on all types of devices including computers, TVs, smart phones, tablets, and Roku boxes
- Designed for simplicity – great for teachers and students
- Stream and record from iPads, iPhones, and computers
- Complete digital signage system included with DEVOS purchase
- Emergency video messaging to all computers/TV monitors/mobile devices
- Less than half the price of competitive systems
- Standards based Educational Videos (Optional)

Why Schools Love DEVOS

- Ability to insert questions into videos for inline testing
- Create playlists for video lessons and attach reference documents
- Desktop capture (ie Powerpoint) with video and audio
- Tracking of viewers for compliance verification
- Grading of multiple choice questions in videos
- Automated Closed Captioning
- Built-in Learning Path (LMS) system
- SMS text/video messaging
- 360° live and recorded video
- ClassLink Integration for Single Sign On and Rostering
